

AFOB Regional Symposium 2014

Biotechnology for Sustainability

Seri Pacific Hotel, Kuala Lumpur, MALAYSIA
February 9 - 11, 2014

Organized by:

AFOB Regional Symposium 2014 (ARS 2014) to be held in Kuala Lumpur, is the first ARS in Malaysia. ARS 2014 is being organized by Faculty of Biotechnology and Biomolecular Sciences, Universiti Putra Malaysia (BioTech, UPM), supported from Asian Federation of Biotechnology (AFOB) (www.afob.org). With the theme of "Biotechnology for Sustainability", ARS 2014 is aimed to present current research carried out in the broad area of biotechnology for future sustainability. The idea of the symposium is for the scientists, academia and students from the universities and the industries all around the world to present ongoing research activities, exchange new ideas and experiences to sustain our world through biotechnology. This symposium also provides a platform for the delegates to establish collaborative research programmes, hence encourage research relations between the universities, industries and governments.

Register now at <http://www.ars2014.upm.edu.my>

Abstract for oral and poster presentation can be submitted to afobrs2014@gmail.com

Secretariat Team:

Advisor:

Professor Dr Mohd Ali Hassan

Director:

Professor Dr Suraini Abd Aziz

Secretary:

Mr. Mohamad Faizal Ibrahim
Assoc. Professor Dr
Madihah Md Salleh

Finance:

Dr Norhayati Ramli
Professor Dr Nor Aini Abdul Rashid

Registration:

Dr Ezyana Kamal Bahrin
Dr Phang Lai Yee

Technical Sessions

- Agricultural and Food Biotechnology
- Biopharmaceutical and Medical Biotechnology
- Environmental Biotechnology
- Applied and Industrial Microbiology
- System and Synthetic Biotechnology
- Bioenergy and Biorefinery
